

TRAINING SEMINAR

Children on the Autism Spectrum & Survival Skills for K-bound success.

Offered by

Rainbow Preschool

This training is of interest to:

- Regular Education Teachers
- Special Education Teachers
- UPK Teachers
- Speech Teachers
- Specials Teachers
- OT/PT
- Aides
- CSE Chair Persons
- Principals
- Psychologists

This training will cover Survival Skills for Kindergarten Teachers- School Staff.

Ideas presented for training of school-aged children.

This will be an interactive training for teachers who have children on the autism spectrum, children who have language processing disorders and sensory integration difficulties within their classrooms.

The training will identify the behaviors of children and give possibilities of what it could mean and strategies to assist the child to be more interactive and compliant within the classrooms. Strategies are to include visual cueing systems, visual cues for language processing, sensory diets and simple strategies to be done within a classroom or therapy sessions.

Presenters will be:

- Breaca Nellis – School Psychologist
- Amy Wolter – ABA Coordinator
- Linda Dressler – Speech Pathologist

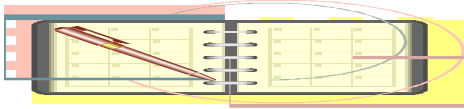

Questions K bound teachers should ask??????

- What do I do with an autistic child in my room?
- How do you teach a child like that?
- How do you do ABA?
- What do I do if the child has a melt down?
- What signs do I look for to prevent a melt down from happening?
- What do you mean they do not understand receptive language?
- How do I do a visual schedule in my room?
- What is a sensory diet?
- Do I need an aide?
- How will they eat lunch in the cafeteria?
- What are auditory processing delays?
- What are sensory processing concerns?
- What will happen during a fire drill?
- Why do they want everything to be done with a routine?
- Do I have to do the same thing everyday for them?
- How do I work with the parents-it is not like preschool
- Will they be able to ride the bus?
- What do I do with the child on field trips?
- How does the speech person work with them?
- What will they do in art class since they do not like to touch wet, icky things?

After the first visit, you will have these questions??

- What are all the noises for in circle time?
- How do I keep them sitting for more than 5 minutes?
- How do I get them to follow directions?
- How do I get them to walk down the hall without touching all the artwork?
- What do I say to the other children?
- How in toileting needs going to work?
- Why does sign language work for directions?
